STATE INSPECTOR FINDS FIRST

FOR USE AFTER IN-  
SPECTION

NEW SCHOOL BY OCT. 1, 1921

District Will Lose Its State Aid Un-  
less New Structure Is Ready for  
Occupancy at Time De-  
termined by State De-  
partment

Immediate construction of new school building in the First ward and condemnation of the present structure was ordered Wednesday by the Wisconsin Department of Public Instruction following an inspection of the building June 14. Notice of the department's action is contained in letters received Friday by the First district school board. A new building must be ready for occupancy by October 1, 1921.

Inspection of the school was made without knowledge of the board of education which did not know that such action was contemplated. The letter stated that on June 9 the department of public instruction had received a request for an inspection of the building and that this inspection was made June 14 by George H. Drewry, state school inspector. The school janitor accompanied him through the building.

Agitation for a new building has been evident in the First district for a long time. Members of the school board are not averse to putting up a new structure but they have been seriously considering costs if the work is started now. The entire matter will be referred to the district electors at the annual meeting July 6.

Mr. Drewry in his report said that the two buildings in the First ward school plant are unfit for use as schools and that "it is an unwise expenditure of money for teachers' salaries and other expenses under present conditions, for it is a physical impossibility for teachers to do the best possible work without proper physical conditions."

The big brick building was constructed in three sections. The first unit was erected about 1880 and about five years later an addition was built to the north. Another addition was constructed in 1904. This third addition contains the first two grades, kindergarten, assembly room, and domestic science department. The frame building was erected some time later.

Mr. Drewry said in his report that the additions to the main building are of the same general architecture. The building housed approximately 550 pupils last year, or the equivalent of 14 rooms with 40 pupils to a room.

**Heating System Inadequate.**  
"I have every reason to believe that the heating and ventilating system in this building is inadequate for the direct and indirect systems have an insufficient amount of radiation and the general construction of the building is such that it would require a maximum amount of radiation to make the heating and ventilating system fairly satisfactory. Mr. Drewry said.

"I found that there are no provisions for adding moisture to the school room air. The fresh air intakes in many instances are not large enough. Floor registers are still in use in certain rooms. The large assembly room, approximately 60 feet long by 40 feet wide, is very poorly ventilated. If this were expressed in per cent I should judge it to be not more than ten per cent efficient. No direct system of ventilation is in use. Such a system is used in buildings of not more than four departments. To have efficient ventilation in this large building a fan system would be necessary."

**Lighting Is Bad**  
The report said that the frame building occupied by the Fourth grade has no system of ventilation. He found there is no system for heating the halls and ventured the opinion that teachers and pupils suffered greatly from the cold during the winter months.

Lighting arrangements were also found to be inadequate. He said that the windows are poorly arranged and that the ratio of lighting area to floor space is far below the minimum requirements.

Mr. Drewry said the frame building is entirely unsuited for school purposes. He also attacked the seating arrangements, especially for the second grade pupils, where he said he found 70 desks, all of the same size. "It would be very difficult to conclude that all the second grade pupils are of the same size and therefore could find seats suited to their needs," he said.

**Need Is Apparent**  
"The need of a modern school house fully equipped with the best working tools for the teachers and pupils must be evident to those who have given attention to present school conditions. Mr. Drewry said. "With an assessed valuation of over seven million dollars it would not be a financial burden to the taxpayers to erect a school house, modern in every particular, large enough to meet the present and future needs of this district and to equip it with the best material on the market, especially when the tax is spread over a term of ten to fifteen years."

"I therefore direct that the use of this building as a school house be discontinued after October 1, 1921, and

San Francisco—A protracted battle of ballots in the democratic national convention to decide the presidential nominee, was forecast today as the widely scattered appointment of delegates on the initial vote became apparent.

Of the 1,092 delegates, only 390 had been instructed by state conventions or primaries.

These were divided among the following candidates and non-candidates:  
Attorney General A. Mitchell Palmer, 104; Governor James M. Cox, 74; Herbert Hoover, 30; Secretary of Agriculture E. T. Meredith, 26; Senator Carter Glass, 24; Gov. Edward I. Edwards, 23; Senator Simon G. Thayer, 22; Senator Robert Owen, 20; Senator Gilbert Hitchcock, 16; Homer S. Cummings, 14; James W. Gerard, 10; William J. Bryan, 10; William G. McAdoo, 10.

If presented, Hoover, a candidate for the republican presidential nomination, probably will get all of Michigan's 30 on the first ballot, more than he obtained at any time during the republican convention by virtue of having carried the presidential primary in that state before he deserted the democratic party.

Palmer's lead in instructed delegates was threatened because of the contest filed by Tom Watson over Georgia's 28 delegates—the only democratic vote not yet decided.

Owing to the two-thirds rule in democratic convention 728 votes are necessary for choice. Another factor regarded as indicative of a long session was the fact that sentiment had failed to crystallize about candidates sufficiently to give the delegates a rallying point.

A determined effort is being planned to bring before the convention the question of changing the rule whereby a two-thirds vote is necessary to nominate; it was learned today.

Chairman Homer S. Cummings and other national committee members opposed to the change believe they can beat it. W. J. Bryan is expected to take a leading part in the fight for the change.

A rule making a majority vote sufficient to nominate, the same as in the republican convention, is wanted. The change was proposed at the last meeting of the national committee. It was never considered. Now its proponents think that if they can get it before the convention they can win.

A few individual delegates were straggling in today but no solid delegations are expected until next week. Several are enroute.

There was much interest among the few here in President Wilson's interview, given to the New York World, in which he reiterated that the democratic convention should make the league of nations an issue. Few Bryanites were on the ground, therefore little opposition was voiced.

The national committee on June 25 will hear arguments over seating contested delegations. One contest has materialized and another is in prospect. The 28 Georgia seats are in dispute between the Mitchell Palmer and Hoke Smith-Tom Watson factions.

One possible contest is over the seat of Senator Reed as delegate-at-large from Missouri. Despite recommendation of Reed's district convention, the Missouri state convention refused to certify him as a delegate. Another meeting is scheduled for Reed's district—Kansas City—today at which it is forecast the Missouri senator will again be chosen. He is expected to come here and demand his seat. This contest also will come up June 25.

Aberdeen, S. D.—Train No. 16, east-bound coast crack passenger train known as the "Olympian" was wrecked near Wautauga, west of here yesterday evening.

Eleven coaches left the rails all remaining upright except the mail and baggage cars which were overturned. Passengers in the day coaches suffered minor bruises when thrown about in the cars as they left the track but no serious injuries were reported.

Mrs. N. C. Schommer, Seventh St., who has been ill for several weeks, is in a most critical condition. Death was expected momentarily, according to reports.

Mrs. Walter Pfitzner and two children of Aberdeen, S. D., are here for a two weeks' visit with Mrs. Pfitzner's parents, Mr. and Mrs. W. F. Saecker.

## San Francisco Is Something New In Convention Cities

By United Press Leased Wire  
San Francisco.—Mr. and Mrs. Delegate, who are about to leave for the democratic national convention, can find here some inkling of what to put in their trunk and what they will be up against when they get to San Francisco.

Built on a peninsula, San Francisco can only expand in two directions, down the peninsula and up in the air. A brisk walk of 15 minutes down Market street will take Mr. Delegate from the Palace hotel, where the national committee holds forth, to the Auditorium. But he must cross Market street. With four parallel street car lines down which runs practically every car the city possesses, Market street is a terror to the visiting pedestrian. Soon he will learn, however, that scattered here and there are little safety zones where autos dare not whiz and clanging street cars do not intrude.

The hasty walk from the Palace hotel to the Auditorium will not cause Mrs. Delegate any discomfort for though the sun will be shining, the air will be cool and bracing.

## BADGER DEMOCRAT FOR NATION LEAGUE

JOSEPH MARTIN OF GREEN BAY  
EXPRESSES OPINION—BALD-  
WIN STARTS FOR CON-  
VENTION

By United Press Leased Wire  
Milwaukee.—A positive declaration for the league of nations will be favored at democratic national convention in San Francisco by Wisconsin democrats, according to Joseph Martin, of Green Bay, national committee man, here today.

The Badger delegation left for the west this afternoon. Plans of the delegation were upset by the withdrawal of Wm. G. McAdoo from the presidential race as they expected to divide their votes between McAdoo and Gov. Cox, of Ohio. Before leaving here they would not state who they would support.

George Baldwin, delegate from the ninth congressional district to the national convention, left yesterday afternoon for Milwaukee where he will join the remainder of the Wisconsin delegation. The delegates will leave tonight on a special train for the convention in San Francisco. Mr. Baldwin expects to spend several weeks in the west.

## DECISION ON RAIL WAGES EXPECTED IN THREE WEEKS

By United Press Leased Wire  
Chicago.—The United States railroad labor board expects to render a decision within the next three weeks granting railroad workers a permanent wage increase, according to board members here today.

Daily sessions have been speeded up in an effort to make the decision permanent instead of granting a temporary advance as requested by the workers' representatives. Board members say that if they can decide on a permanent wage increase within three weeks, they will make no temporary increases.

Indications by board members were that it would give a substantial measure which will date back to May this year.

## GIMBEL STORE OWNER CALLED PROFITEER

By United Press Leased Wire  
New York.—Frederick A. Gimbel, millionaire store owner, was arrested today on a charge of profiteering.

Gimbel and two of his associates were held in \$1,000 bail, charged with violation of the Lever act.

When arraigned before U. S. Commissioner Samuel Hitchcock, Gimbel declared he was unaware that prices had been raised by his subordinates in the store. Department of justice agents swore that in one case a \$5 suit was sold for \$20. There were four counts in the charge.

Gimbel is vice-president of Gimbel Brothers. Gimbel Brothers today gave out the following statement:

"We will answer all complaints against us at the proper time. We do know, however, that we have always tried to more than live up to all government regulations."

New York.—Belief that several persons know the identity of the murderer of Joseph R. Elwell, which expert, but through a desire not to involve the name of the woman, have withheld facts, will be the keynote of the investigation conducted by Assistant District Attorney Joyce today.

District Attorney Swann, conducting an additional investigation, said: "We are as far from the solution as we were Friday morning when the whist expert was found dying."

The identity of the woman in pink, the owner of lingerie found in Elwell's room, was definitely established yesterday, Swann said.

Her name, he added, would be withheld.

Montreal, Que.—Denver, Colo., was today selected as the meeting place of the 1921 convention of the American Federation of Labor.

The convention will be held in June, 1921. The contest was between Birmingham, Ala., and Denver.

The vote was: Denver 24,047; Birmingham 12,611.

William G. Shea, representing the Kentucky State Federation of Labor, of Louisville, Ky., was unanimously chosen delegate to the Canadian trades and labor conference.

President Gompers in urging the convention to remain in session this afternoon, indicated that the league of nations question would come up later today. It was expected the convention would endorse ratification of the peace treaty.

All state central bodies were urged to aid in organizing teachers.

**Busy Year Planned**  
Organized labor of the United States is armed for an aggressive year in the world of politics, economics and industry as a result of the program framed at the convention scheduled to adjourn a two weeks' session here today.

Directed by the veteran skill of President Gompers, re-elected for the 38th time, members of the federation's executive council planned after adjournment to rush back to headquarters at Washington to begin translating the program into action.

This program is embodied in a series of resolutions and reports adopted by the delegates. It follows:

**To employers:**  
Autocracy in industry will not be tolerated. Abandon the fight to establish the open shop.

The right to strike must never be denied.

Advance wages whenever necessary to maintain the American standard of living.

**Urge Six Hour Day**  
Establish the six hour day if necessary to prevent unemployment.

Give the worker a share in the management in question of hours, wages and working conditions.

Punish profiteers in food, shelter, shoes and clothes.

Give up thoughts of compulsory arbitration. Labor never will refuse arbitration when voluntary.

Accept willingly the demands of workers to organize and bargain collectively through representatives of their own choosing.

**To political parties:**  
Pledge non-interference through injunctions.

**Want U. S. Ownership**  
Indorse government ownership of railroads.

Repeal the Esch-Cummings transportation act.

Fight legislation denying the right to strike and providing for compulsory arbitration.

Enact a child labor law which shall be proof against legal attack.

Reduce living costs through adoption of labor's six principles.

**Hands off in Mexico**  
Ratification of the peace treaty with its labor provisions.

Hands off in Mexico to permit the free development of their sovereignty by the Mexican people.

Behind this program organized labor stands with undivided front, the convention demonstrated, despite defeats administered to President Gompers and other officials at various times.

Innumerable duties were laid upon the executive council by the convention in carrying out the program for the year. They include building up a 100 per cent organization of steel workers.

## Bob Is Silent When Liberals Make An Offer

Third Party Leaders Visit LaFollette  
in Hospital But Get No Answer—  
Announce "Working Al-  
liance" of Badger  
Liberals

(By Don E. Chamberlain.)  
By United Press Leased Wire  
Chicago.—United States Senator Robert M. La Follette, of Wisconsin, has been approached by a delegation of liberals with a view to sounding him on the prospect of joining a third party movement and becoming the party's standard-bearer in the fall elections. It was learned here today.

La Follette, it was stated, has made no answer. The delegation, it was said, saw the senator at a hospital in Rochester, Minn. The delegation did not press their question. They went away leaving La Follette to think it over.

**Working Alliance**  
That La Follette is considering favorably the idea of going with the third party is the view taken by political observers as a result of an announcement here by liberals that "a working alliance among progressive organizations in Wisconsin has been completed."

These organizations are said to be the Wisconsin Non-Partisan League, the Equity League, Wisconsin socialists and other liberal organizations.

Indicative of the stand which may be taken by the proposed third party were plans of the committee of forty-eight to give wide circulation to resolutions adopted at a state convention of the party in Minnesota last Saturday.

**Urge New Party**  
The resolutions urge the committee of forty-eight to join with other liberal organizations in establishing a new national political party. The aims of the labor party and the committee of forty-eight, reads the resolution given out here today, "are so similar that it may reasonably be expected that the two bodies will unite on platform and candidates, thus launching a new party whose program, from the hour of its organization, will be backed by millions of people."

"Our people, educated, enlightened and self-determining, cannot be expected to vote the old national party tickets. We must have a national means of expression. We, the committee of forty-eight, must help create the new party."

By United Press Leased Wire  
Duluth, Minn.—Sheriff Magee today said he had definite information that a mob tonight would attempt to remove the fourteen negroes now held in the county jail for the assault of a young white girl Monday night.

A machine gun corps and infantry company arrived from Fort Snelling and is now quartered in the armory prepared for action.

Sheriff Magee said he feared a mob would form this afternoon with shops and factories closed, and declared he expects trouble.

**Duluth—State troops armed with machine guns and bayoneted rifles were patrolling Duluth again today—prepared for another threatened outbreak of mob rule.**

Sheriff Lon Magie declared he had information that a mob was forming late last night to march on the jail where 14 negroes are held on charges of assaulting a 17-year-old white girl at the circus grounds last Monday.

Last Tuesday night, a mob of more than five thousand wrecked the police station and hanged three of the negroes.

Adjutant General W. F. Rhinow brought a machine gun company and infantrymen to Duluth on a special train early this morning from Fort Snelling.

Members of the Duluth tank corps are already on duty, prepared for any emergency.

A special grand jury is now investigating the lynching, the conduct of the police and the assault case.

By United Press Leased Wire  
Philadelphia, Pa.—Outlaw railway strikes were resumed here today. Leaders claimed 2,000 men have quit work on the Baltimore and Ohio, Pennsylvania and Reading.

The leaders claimed that freight traffic is completely tied up on the Reading and the Pennsylvania. The Reading claimed its service, both freight and passenger, was normal. The Pennsylvania said some freight crews were out but passenger service was impaired.

The Baltimore and Ohio claimed its service is unaffected.

As McAdoo faded out of the democratic picture today, another name more clearly into view, Homer S. Cummings, chairman of the democratic national committee, was being talked of more and more among the party leaders. There was intimations that a strong Cummings movement would be started just after Cummings has made his speech opening the convention.

The inflators of the Cummings boom seized on McAdoo's withdrawal as a means of bringing their man to the fore. Having boosted him freely to the party leaders who are here, they will do the same on a large scale as soon as delegates begin arriving.

By United Press Leased Wire  
Washington.—Administration democrats were leaving Washington for San Francisco today frankly in the dark as to candidates but with very definite plans as to planks for the democratic platform.

The uncertainty as to candidates resulted from announcement of Wm. G. McAdoo's decision not to allow his name to go before the democratic convention. That President Wilson might have to throw the administration strength behind some candidate to avoid a long deadlock in the convention was regarded as probable.

President Wilson's interview with the New York World supplementing his previous endorsement of the Virginia democratic platform left no uncertainty as to the policies the administration democrats will seek.

**Cox Going Strong**  
Democrats here declared Governor James M. Cox, with McAdoo's withdrawal would get the democratic nomination early if it were not for the opposition of Wm. J. Bryan and others.

There was talk of an attempt to get Cox and Bryan together by having Cox declare for a law enforcement plank. Democrats expected Cox would carry New York, New Jersey, probably California, Ohio and the democratic solid south, running on a light wine and beer plank.

The movement of Carter Glass, which McAdoo supporters started, apparently lost momentum shortly after the weak spot in his candidacy when he said he lived in a section "which is relied upon to furnish electoral votes but not the candidates."

**See Third Term Move**  
It was also pointed out that McAdoo's strength came from labor and that Glass could not hope to inherit this. The name of Secretary of States Colby was also on a number of democratic lips and there was a spurt in the talk of John W. Davis, ambassador to Great Britain.

The McAdoo withdrawal coming on the heels of the Wilson interview brought a revival of reports that President Wilson would seek a third term and declared that the reports were started to injure Wilson.

Both these senators are close to the White House.

**Glass Makes Platform**  
Senator Glass is slated to head the resolutions committee on which administration backers believe they are assured a majority of the members.

The Glass platform calls for ratification of the treaty "without reservations which injures its integrity," condemns the republican congress, praises Wilson, calls for a reduction in the cost of living and declares against a soldier bonus.

Still in the making are the prohibition and labor planks.

**McAdoo Out for Good**  
New York.—William G. McAdoo, mentioned as one of the leading possibilities for the democratic nomination for president, today had "irrevocably" removed himself from the race—as far as his personal wishes are concerned.

In a statement issued in reply to a telegram from Jonette Shouze, former congresswoman from Kansas, now assistant secretary of the treasury, asking for a reconsideration of his attitude, McAdoo said in part:

"I cannot permit my name to go before the convention. This decision is irrevocable as the path of duty seems to me clear and unmistakable. The considerations which compelled me to resign as secretary of the treasury and director general of the railroads in large measure still prevail. I must have a reasonable opportunity to rehabilitate my private affairs to meet that provision for my family, which in time of peace is to get on the sacred duty and the cherished desire of every right thinking man."

Aberdeen, S. D.—Train No. 16, east-bound coast crack passenger train known as the "Olympian" was wrecked near Wautauga, west of here yesterday evening.

Eleven coaches left the rails all remaining upright except the mail and baggage cars which were overturned. Passengers in the day coaches suffered minor bruises when thrown about in the cars as they left the track but no serious injuries were reported.

Mrs. N. C. Schommer, Seventh St., who has been ill for several weeks, is in a most critical condition. Death was expected momentarily, according to reports.

Mrs. Walter Pfitzner and two children of Aberdeen, S. D., are here for a two weeks' visit with Mrs. Pfitzner's parents, Mr. and Mrs. W. F. Saecker.

# San Francisco Is Something New In Convention Cities

By United Press Leased Wire  
San Francisco.—Mr. and Mrs. Delegate, who are about to leave for the democratic national convention, can find here some inkling of what to put in their trunk and what they will be up against when they get to San Francisco.

Built on a peninsula, San Francisco can only expand in two directions, down the peninsula and up in the air. A brisk walk of 15 minutes down Market street will take Mr. Delegate from the Palace hotel, where the national committee holds forth, to the Auditorium. But he must cross Market street. With four parallel street car lines down which runs practically every car the city possesses, Market street is a terror to the visiting pedestrian. Soon he will learn, however, that scattered here and there are little safety zones where autos dare not whiz and clanging street cars do not intrude.

The hasty walk from the Palace hotel to the Auditorium will not cause Mrs. Delegate any discomfort for though the sun will be shining, the air will be cool and bracing.

The democrat who looked on the scenes at Chicago will find San Francisco's breeze and the fog that comes in at night make this city something new in the convention line.

So bring the light overcoat and discard the straw hat, if you want to. This will be the first "light overcoat convention" in the history of the two major parties.

If Mrs. Delegate wishes to make Mr. Delegate comfortable, she should slip a cap into his grip. Each afternoon from off the Golden Gate springs up a trade wind that sweeps through San Francisco. It is some wind. Hats that blow off in Market street are sometimes not recovered.

Here's a tip to Mrs. Delegate, let her bring some colored specks for the old man. If he should visit any of the beaches, the dazzling whiteness of California limbs might make him uncomfortable for California girls wear the one-piece suit almost exclusively.

Uninstructed delegates might easily be stampeded by one of California's mermaid demonstrations.

# BADGER DEMOCRAT FOR NATION LEAGUE

JOSEPH MARTIN OF GREEN BAY  
EXPRESSES OPINION—BALD-  
WIN STARTS FOR CON-  
VENTION

By United Press Leased Wire  
Milwaukee.—A positive declaration for the league of nations will be favored at democratic national convention in San Francisco by Wisconsin democrats, according to Joseph Martin, of Green Bay, national committee man, here today.

The Badger delegation left for the west this afternoon.

Plans of the delegation were upset by the withdrawal of Wm. G. McAdoo from the presidential race as they expected to divide their votes between McAdoo and Gov. Cox, of Ohio. Before leaving here they would not state who they would support.

George Baldwin, delegate from the ninth congressional district to the national convention, left yesterday afternoon for Milwaukee where he will join the remainder of the Wisconsin delegation. The delegates will leave tonight on a special train for the convention in San Francisco. Mr. Baldwin expects to spend several weeks in the west.

# DECISION ON RAIL WAGES EXPECTED IN THREE WEEKS

By United Press Leased Wire  
Chicago.—The United States railroad labor board expects to render a decision within the next three weeks granting railroad workers a permanent wage increase, according to board members here today.

Daily sessions have been speeded up in an effort to make the decision permanent instead of granting a temporary advance as requested by the workers' representatives. Board members say that if they can decide on a permanent wage increase within three weeks, they will make no temporary increases.

Indications by board members were that it would give a substantial measure which will date back to May this year.

# GIMBEL STORE OWNER CALLED PROFITEER

By United Press Leased Wire  
New York.—Frederick A. Gimbel, millionaire store owner, was arrested today on a charge of profiteering. Gimbel and two of his associates were held in \$1,000 bail, charged with violation of the Lever act.

When arraigned before U. S. Commissioner Samuel Hitchcock, Gimbel declared he was unaware that prices had been raised by his subordinates in the store. Department of justice agents swore that in one case a \$5 suit was sold for \$20. There were four counts in the charge.

Gimbel is vice-president of Gimbel Brothers. Gimbel Brothers today gave out the following statement:  
"We will answer all complaints against us at the proper time. We do know, however, that we have always tried to more than live up to all government regulations."

# BELIEVE SLAYER OF ELWELL IS KNOWN

By United Press Leased Wire  
New York.—Belief that several persons know the identity of the murdered Joseph B. Elwell, whilst expert, but through a desire not to involve the name of the woman, have withheld facts, will be the keynote of the investigation conducted by Assistant District Attorney Joyce today.

District Attorney Swann, conducting an additional investigation, said: "We are as far from the solution as we were Friday morning when the whilst expert was found dying."

The identity of the woman in pink, the owner of lingerie found in Elwell's room, was definitely established yesterday, Swann said.

Her name, he added, would be withheld.

WANTS MISSISSIPPI  
TO BE HUGE PARK

By United Press Leased Wire  
La Crosse, Wis.—That the entire Mississippi river and bordering hills should be taken over by the federal government and transformed into a national park in the vicinity of McGregor, Iowa, was the declaration made by Governor Harding, of Iowa. Harding expressed his views at a conference of governors and representatives of Iowa, Minnesota, Wisconsin and Illinois held here.

Options have been obtained on 20,000 acres of land for the proposed park, it was said.

Mr. and Mrs. Frank Losselyoung and two daughters of Ironwood, Mich., visited friends here today.

# LABOR PREPARES FOR BUSY YEARS CONVENTION ENDS

LABOR FEDERATION MEETING  
RESULTS IN OUTLINING  
PROGRAM FOR YEAR'S  
ACTIVITIES

## NEXT MEETING IN DENVER

Colorado City Is Selected Over Birmingham, Ala.—Political Parties Warned They Must Accept Labor's Platform

By United Press Leased Wire  
Montreal, Que.—Denver, Colo., was today selected as the meeting place of the 1921 convention of the American Federation of Labor.

The convention will be held in June, 1921. The contest was between Birmingham, Ala., and Denver.

The vote was: Denver 24,047; Birmingham 12,611.

William G. Shea, representing the Kentucky State Federation of Labor, of Louisville, Ky., was unanimously chosen delegate to the Canadian trades and labor conference.

President Gompers in urging the convention to remain in session this afternoon, indicated that the league of nations question would come up later today. It was expected the convention would endorse ratification of the peace treaty.

All state central bodies were urged to aid in organizing teachers.

Organized labor of the United States is armed for an aggressive year in the world of politics, economics and industry as a result of the program framed at the convention scheduled to adjourn a two weeks' session here today.

Directed by the veteran skill of President Gompers, re-elected for the 35th time, members of the federation's executive council planned after adjournment to rush back to headquarters at Washington to begin translating the program into action.

This program is embodied in a series of resolutions and reports adopted by the delegates. It follows:

To employers:  
Autocracy in industry will not be tolerated. Abandon the fight to establish the open shop.

The right to strike must never be denied.

Advance wages whenever necessary to maintain the American standard of living.

Establish the six hour day if necessary to prevent unemployment.

Give the worker a share in the management in question of hours, wages and working conditions.

Punish profiteers in food, shelter, shoes and clothes.

Give up thoughts of compulsory arbitration. Labor never will refuse arbitration when voluntary.

Accept willingly the demands of workers to organize and bargain collectively through representatives of their own choosing.

To political parties:  
Pledge non-interference through injunctions.

Want U. S. Ownership  
Indorse government ownership of railroads.

Repeat the Esch-Cummings transportation legislation denying the right to strike and providing for compulsory arbitration.

Enact a child labor law which shall be proof against legal attack.

Jail the profiteer.

Reduce living costs through adoption of labor's six principles.

Ratification of the peace treaty with its labor provisions.

Labor Is United  
Hands off in Mexico to permit the free development of their sovereignty by the Mexican people.

Behind this program organized labor stands with undivided front, the convention demonstrated, despite defeats administered to President Gompers and other officials at various times.

Innumerable duties were laid upon the executive council by the convention in carrying out the program for the year. They include building up a 100 per cent organization of steel workers.

# Bob Is Silent When Liberals Make An Offer

Third Party Leaders Visit LaFollette  
in Hospital But Get No Answer—  
Announce "Working Al-  
liance" of Badger  
Liberals

(By Don E. Chamberlain.)  
By United Press Leased Wire  
Chicago.—United States Senator Robert M. La Follette, of Wisconsin, has been approached by a delegation of liberal with a view to sounding him on the prospects of joining a third party movement and becoming the party's standard-bearer in the fall elections. It was learned here today.

La Follette, it was stated, has made no answer. The delegation, it was said, saw the senator at a hospital in Rochester, Minn. The delegation did not press their question. They went away leaving La Follette to think it over.

Working Alliance  
That La Follette is considering favorably the idea of going with the third party is the view taken by political observers as a result of a statement here by liberals that "a working alliance among progressive organizations in Wisconsin has been completed."

These organizations are said to be the Wisconsin Non-Partisan League, the Equity League, Wisconsin socialists and other liberal organizations.

Indicative of the stand which may be taken by the proposed third party were plans of the committee of forty-eight to give wide circulation to resolutions adopted at a state convention of the party in Minnesota last Saturday.

Urge New Party  
The resolutions urge the committee of forty-eight to join with other liberal organizations in establishing a new national political party. The aims of the labor party and the committee of forty-eight, reads the resolution given out here today, "are so similar that it may reasonably be expected that the two bodies will unite on platform and candidates, thus launching a new party whose program, from the hour of its organization, will be backed by millions of people."

"Our people, educated, enlightened and self-determining, cannot be expected to vote the old national party tickets. We must have a national means of expression. We, the committee of forty-eight, must help create the new party."

# MACHINE GUNS ARE HURRIED TO DULUTH

STATE TROOPS PATROL STREETS

PREVENT ANOTHER  
MOB OUTBREAK

By United Press Leased Wire  
Duluth, Minn.—Sheriff Magee today said he had definite information that a mob tonight would attempt to remove the fourteen negroes now held in the county jail for the assault of a young white girl Monday night.

A machine gun corps and infantry company arrived from Fort Snelling and is now quartered in the armory prepared for action.

Sheriff Magee said he feared a mob would form this afternoon with shops and factories closed, and declared he expects trouble.

Duluth—State troops armed with machine guns and bayoneted rifles were patrolling Duluth again today—prepared for another threatened outbreak of mob rule.

Sheriff Magie declared he had information that a mob was forming late last night to march on the jail where 14 negroes are held on charges of assaulting a 17-year-old white girl at the circus grounds last Monday.

Last Tuesday night, a mob of more than five thousand wrecked the police station and hanged three of the negroes.

Adjutant General W. F. Rhinow brought a machine gun company and infantrymen to Duluth on a special train early this morning from Fort Snelling.

Members of the Duluth tank corps are already on duty, prepared for any emergency.

A special grand jury is now investigating the lynching, the conduct of the police and the assault case.

# OUTLAW STRIKES TIE UP EASTERN ROADS

By United Press Leased Wire  
Philadelphia, Pa.—Outlaw railway strikes were resumed here today. Leaders claimed 2,000 men have quit work on the Baltimore and Ohio, Pennsylvania and Reading.

The leaders claimed that freight traffic is completely tied up on the Reading and the Pennsylvania. The Reading claimed its service, both freight and passenger, was normal. The Pennsylvania said some freight crews were out but passenger service was unimpaired.

The Baltimore and Ohio claimed its service is unaffected.

## TOO COSTLY FOR M'ADOO

Former Treasurer Says Family Con-  
siderations Come First—Cum-  
mings, Cox and Davis  
Booms Spurt as Con-  
vention Nears

By United Press Leased Wire  
Washington.—Administration democrats were leaving Washington for San Francisco today frankly in the dark as to candidates but with very definite plans as to planks for the democratic platform.

The uncertainty as to candidates resulted from announcement of Wm. G. McAdoo's decision not to allow his name to go before the democratic convention. That President Wilson might have to throw the administration strength behind some candidate to avoid a long deadlock in the convention was regarded as probable.

President Wilson's interview with the New York World supplementing his previous endorsement of the Virginia democratic platform left no uncertainty as to the policies the administration democrats will seek.

Cox Going Strong  
Democrats here declared Governor James M. Cox, with McAdoo's withdrawal would get the democratic nomination early if it were not for the opposition of Wm. J. Bryan and others.

There was talk of an attempt to get Cox and Bryan together by having Cox declare for a law enforcement plank. Democrats expected Cox would carry New York, New Jersey, probably California, Ohio and the democratic solid south, running on a light wine and beer plank.

The movement of Carter Glass, which McAdoo supporters started, apparently lost momentum shortly after it got under way. Glass pointed to the weak spot of his candidacy when he said he lived in a section "which is relied upon to furnish electoral votes but not the candidates."

See Third Term Move  
It was also pointed out that McAdoo's strength came from labor and that Glass could not hope to inherit this. The name of Secretary of State Colby was also on a number of democratic lips and there was a spurt in the talk of John W. Davis, ambassador to Great Britain.

The McAdoo withdrawal coming on the heels of the Wilson interview brought a revival of reports that President Wilson would seek a third term and declared that the reports were started to injure Wilson.

Both these senators are close to the White House.

Glass Makes Platform  
Senator Glass is slated to read the resolutions committee on which administration backers believe they are assured a majority of the members.

The Glass platform calls for ratification of the treaty "without reservations which injures its integrity," condemns the republican congress, praises Wilson, calls for a reduction in the cost of living and declares against a soldier bonus.

Still in the making are the prohibition and labor planks.

McAdoo Out for Good  
New York.—William G. McAdoo, mentioned as one of the leading possibilities for the democratic nomination for president, today had "irrevocably" removed himself from the race—as far as his personal wishes are concerned.

In a statement issued in reply to a telegram from Jonette Shouz, former congressman from Kansas, now assistant secretary of the treasury, asking for a reconsideration of his attitude, McAdoo said in part:

"I cannot permit my name to go before the convention. This decision is irrevocable as the path of duty seems to me clear and unmistakable. The considerations which compelled me to resign as secretary of the treasury and director general of the railroads in large measure still prevail. I must have a reasonable opportunity to rehabilitate my private affairs to make that provision for my family, which in time of peace is at once the sacred duty and the cherished desire of every right thinking man."

Cummings Boom Grows  
(By L. C. Martin)  
San Francisco.—William G. McAdoo's definite and emphatic withdrawal from the presidential race has been accepted as final by the seasoned democratic political veterans here for the convention. They unanimously credit McAdoo with being entirely sincere and have counted him out for good.

As McAdoo faded out of the democratic picture today, another came more clearly into view. Homer S. Cummings, chairman of the democratic national committee, was being talked of more and more among the party leaders. There was intimations that a strong Cummings movement would be started just after Cummings has made his speech opening the convention.

The inflators of the Cummings boom seized on McAdoo's withdrawal as a means of bringing their man to the fore. Having boosted him freely to the party leaders who are here, they will do the same on a larger scale as soon as delegates begin arriving.

This year the American people will pay more than \$900,000,000 for automobile tires.

## "RIGHT MAKES MIGHT" NAYLOR TELLS GRADUATES

Dr. Wilson S. Naylor of Lawrence college was the principal speaker at the commencement exercises of Oshkosh high school Wednesday night. "Right makes might," was the thought, he said, which was the big idea in the new world, an idea which has just come into existence since the war and which, although still only an idea, would soon be visible in the external.

The idea of the new world, he said, was diametrically opposed to that of the old world, which held that "might makes right." At the signing of the armistice people had expected too much in a visible, tangible form and because of that do not see that which is here.

## WANTS CITY TO DECORATE FOR RAINBOW MEETING

"I wish every business house and public building would fly the flag tomorrow in honor of the Rainbow Division convention," said Major Lottar G. Graef, president of the Appleton chapter, today. "I notice that one or two merchants have voluntarily decorated their windows for the occasion. There will be nearly 200 veterans here and a showing of welcome would surely not be amiss."

Convention headquarters are to be maintained in the sample rooms at the Sherman house. The flag carried by the 42nd Division here in battle will be on exhibit there with the battle streamers. Meetings are to be held at Elk hall.

## BEG YOUR PARDON

A few days ago it was stated that Anton Fredericks was about to move his barber shop to the building which he had just purchased. The item erred in that the barber shop referred to is owned by his brother, Theodore Fredericks, who will continue at his old stand. His brother was in his employ.

## CATHOLIC WOMEN WILL JOIN NATIONAL BODY

The Wisconsin Council of Catholic Women which was in session this week at La Crosse, decided to affiliate with the National Catholic Women's council, a department of the National Catholic Welfare council and an outgrowth of the National Catholic War council. The local branch of the state organization was not represented at the convention, due to unforeseen circumstances. Mrs. Karl Keller is president of the Appleton branch.

Wisconsin is the third state to effect relationship with the national council. Minnesota and Massachusetts have already affiliated. The next meeting of the Wisconsin council will be held at Green Bay.

## BACK FROM MEETING—Joseph Koffond, Sr., returned Thursday evening from Delavan Lake, where he attended the annual convention of the Wisconsin Association of Insurance Agents at Highland Park hotel. The gathering was highly successful, but was marred somewhat by the cold and stormy weather. Several speakers of prominence spoke on timely subjects relating to the insurance business.

## NO SERVICES IN ST. PAUL CHURCH SUNDAY

No services are to be held at St. Paul Lutheran church tomorrow because of the absence of the Rev. F. J. Sauer, who is attending the meeting of the Wisconsin Synod at Kaukauna. The congregation has been invited to Kaukauna Sunday to assist in the general celebration occasioned by the synod meeting.

The passenger rate by airplane between London and Paris is \$60, and a charge of 50 cents a pound is made for freight.

# COUNTY COURT HEARS 41 CASES IN A WEEK

JUDGE AND OFFICERS OF PROBATE COURT ARE KEPT BUSY HEARING TEST. TIMONY

Last week was an exceptionally busy week in county court, nearly fifty different matters coming up for consideration. Hearings were held in 44 estates; and seven applications on various matters and three guardianship cases were disposed of.

The proceedings for the week were:

In re application for aid to Cecilia and Dorothy Bodah, dependent children, petitioned together with statement of particulars filed by Mrs. Mary Bodah, mother of said dependent children. Order entered granting aid to the amount of \$25 per month.

In re estate of Christian P. Gehring, deceased, petition filed and order entered directing Minnie Schulke and Louis Gehring to appear in court at a special term on June 29 and directing notice to be served upon Minnie Schulke, Louis Gehring, executors, and Otilio Kramer, Josie Dittmer and Richard Gehring personally at least ten days before the day of hearing.

## WEIGHTS AND MEASURES MEN TO MEET IN MADISON

(Special to Post-Crescent)

Madison.—Weights and measures men from over the whole state, including both state inspectors and city sealers, as well as several from Michigan and Minnesota, are to attend the state conference on weights and measures in the senate chamber of the capitol next week from Tuesday to Thursday.

The principal matter to come before the conference is the question of gasoline measuring devices. There has been a shower of complaints that these are not giving proper measure and thus far the sealers have no standards by which to test them. An informal discussion will be held following presentation of the problem by Ralph W. Smith, chief inspector of weights and measures under Dairy and Food Commissioner George J. Weigle.

Talks will be given by Director of Markets Edward Nordman and his assistant, W. P. Jones, and by Sealer Wm. F. Stenel of Milwaukee on Municipal Markets; Chief Inspector Charles C. Neale of Minnesota on Test of Heavy Scales; C. R. Boyer, representing the Fairbanks Morse & Co., on Factory Methods of Testing and Sealing; F. S. Holbrook of the bureau of standards, subject to be announced later.

Commissioner Weigle goes to Elk-hart Lake Tuesday to speak on Law and the Reason for its Enforcement before the Wisconsin Pharmaceutical society, meeting there for its annual convention.

## PRIM AND YARTHY TO ATTEND POLICE MEETING

George T. Prim, chief of police, will go to Milwaukee Wednesday to attend the state convention of police officials, which is to be in session for two days. The convention headquarters will be at St. Charles hotel. Richard McCarty, police chief of Kaukauna, vice-president and member of the executive board of the state association, also plans to attend.

Practical subjects relating to police work are to be the chief feature of the program, including exchange of ideas, settlement of departmental close association of police chiefs, law warfare of communities and general betterment of all affairs under police supervision. The address of welcome is to be made by Mayor Daniel A. Hoan, Milwaukee and the response by H. C. Baker, Racine chief of police.

## KITTY STARTED REAL RUMPS IN EAT SHOP

(Special to Post-Crescent)

Vienna.—A cat put to rout the waiters and waitresses of a fashionable restaurant. The cat bit the finger of the head waiter who drew a revolver and fired at the animal, missing it and wounding another waiter. The proprietress discharged the head waiter and the rest of the waiters walked out in a sympathetic strike that lasted until the head waiter was re-hired.

# FARMERS OPEN WAR ON NOXIOUS WEEDS

WET WEATHER THIS SPRING PREVENTED MANY FARMERS FROM FIGHTING WEED GROWTH

Next week will see a hard and fast crusade on Canada thistles and noxious weeds all over Outagamie county. The heavy spring rains kept the farmers off the land at times when they should have been devoting their attention to the weeds, with the result that there are large patches in many fields.

The thistles have reached the budding stage and will blossom out and go to seed within a few days. Unless they are removed now, their growth will spread and farmers are therefore cutting down or hoeing them out of their fields. Quack grass has made its usual appearance and is being eliminated as much as possible.

The shortage of help this year is also said to have retarded the war against thistles and weeds. Farmers have had to devote all their time to seeding and cultivating and let the weeding go. Tracts even as small as 10 acres have produced much undesirable growth. The weed commissioners and town officials are expected to make their usual rounds to see that no weeds go to seed. Farmers say that if the wind has a chance to carry seed around this year, there will be so many weeds next year that it will be impossible to remove them.

## SURGEONS ARRANGE FOR STATE CLINICAL MEETING

Dr. Victor F. Marshall has returned from Chicago, where he attended a meeting of Wisconsin representatives in the American College of Surgeons to consider plans for organization of a state clinical meeting to be held in this state this year. Dr. G. B. Seaman, Milwaukee, was appointed chairman of the committee which will arrange for the meeting.

These meetings are designed to show the public how its right to receive expert surgical care is protected.

There are more than 4,000 surgeons in the American college of surgeons, which has fostered the standardization of hospitals and has made a determined stand against unnecessary operations. Dr. Marshall is one of the thirteen Wisconsin members of the college.

## FAMOUS SCULPTOR VISITS RELATIVES IN APPLETON

Alfred Lenz, well known sculptor of New York is spending a few days here visiting with his sister, Mrs. Herman Wildhagen. Mr. Lenz was a former resident of this city and his unusual success in his work has been a source of pride to Appleton.

One of the biggest honors which he has received is gaining a place in the Hall of Fame in New York where some of his works are exhibited. The most recent work of Mr. Lenz is a bronze statuette of Pavlova, which is on exhibit in the Metropolitan Museum of New York.

# SPECIAL GOVERNMENT TAXES DUE JUNE 30

June 30 will mark the end of the government fiscal year. All special taxes, such as those upon theaters, uncolored oleomargarine, narcotics, pool playing, bowling alleys, boats and automobiles, must be paid at the Internal Revenue office, Room 304, Fed. Bldg., Green Bay, before July 1, 1920. Miscellaneous and special taxpayers have all been personally interviewed and instructed in the proper manner of making returns and paying taxes. Delinquency on the part of anyone to make such return and pay tax, will incur a severe penalty.

## COMMERCE CHAMBER WANTS TO WORK WITH CITY HALL OFFICERS

MEET WITH ALDERMEN NEXT MONDAY EVENING—AGREE TO APPOINT STANDING COMMITTEES

Cooperation with the common council and the administrative departments of the city was promised by the directors of the Chamber of Commerce at their noon luncheon Friday at the Sherman house. Twelve of the 15 directors were present and accomplished several things for the good of the chamber.

The suggestion that the Chamber of Commerce work with the city administration met with instant favor. The directors decided to find out at once how they can help and where their assistance is most needed. They therefore instructed Secretary Hugh G. Corbett to invite the city fathers to the next meeting of the board, which is scheduled for 6:30 o'clock Monday, June 28. An evening date was chosen so all the aldermen could be present without interfering with their employment.

**Presents Three Plans.** Mr. Corbett presented three plans of management under which the Appleton chamber might operate. The first was the bureau plan, which really splits the membership into more than one organization. Mr. Corbett believes that this is not practical for a smaller city. The second submitted was the divisional system where the chamber is split into an industrial, a community and a chamber proper sections.

The third system, and the one the directors adopted, was the standing committee system. This provides for five committees, industrial promotion, retail trade promotion, publicity and convention, community welfare and rural affairs. These are to be organized at once, the chairmen are to be chosen by the president and first and second vice presidents.

**Join National Chamber.** Another step taken by the directors was to join the National Chamber of Commerce, Washington, D. C. The secretary was instructed to send in a membership at once. Membership in this organization brings the Appleton chamber in touch with every other chamber in the United States. It also keeps the local office in touch with all important trade or welfare legislation that comes up in congress. Should any unfavorable legislation come up, the national chamber gets in touch with every local organization and secures its expression. The results are tabulated and the record of each congressman's home territory laid before him.

Some discussion took place on the question of good roads, but no definite action was taken.

## THREE DELEGATES TO ENDEAVOR MEETING

SPECIAL CAR TO CARRY DELEGATES TO STATE CONVENTION IN RACINE NEXT WEEK

Three Appleton young people are to be delegates to the annual convention of the Wisconsin Christian Endeavor union, which takes place June 24 to 27 at Racine. Miss Ruth Johnson and Paul Wright will represent the Young People's Society of the Christian Endeavor of the First Presbyterian church, and Miss Rose Wilde the First Congregational church.

The delegates will leave Appleton at 12:20 o'clock Thursday noon in a special coach. Appleton is in Green Bay district, which plans to muster enough delegates to fill a car. Others will be picked up at Menasha, Neenah, Oshkosh and Fond du Lac, which are in Winnebago district.

This year's convention is expected to be one of the largest and most enthusiastic ever held. It will be the first time the state union has held an all-state convention since the war. A prominent feature of the program will be daily classes in which the best methods of conducting a Christian Endeavor society will be taught. Speakers of national note are scheduled for the program. E. P. Gates, general secretary of the United Society of Christian Endeavor, Boston, and the Rev. E. T. Farrill, Milwaukee, state field secretary, will take a prominent part in the gathering.

## OSHKOSH FANS ARE COMING HERE TO GAME

TWO OSHKOSH PITCHERS WILL FACE EACH OTHER AT FOX RIVER VALLEY LEAGUE PARK SUNDAY

Appleton will test its strength against Oshkosh, Fox River Valley league leaders, at the Second Avenue park tomorrow afternoon. Indications are that a capacity crowd will see the game if weather conditions are anywhere near favorable. More than 100 Sawdust city fans are planning to witness the battle.

Manager Sylvester has announced that the fence around the park will be extended farther into the outfield and that a crew of men has spent several days improving the playing field.

Noel, Oshkosh's premier southpaw, will be on the mound for Appleton, while Stevenson will work for the Indians. Both men are veterans of W. League battles and should put up a splendid battle. Noel lost two games to Oshkosh this season because of poor support and inadequate hitting.

Appleton pounded the ball hard last Sunday, indicating that the boys have found their batting eyes. If

they solve Stevenson's delivery they should have little difficulty in pulling the league leaders off from their high position.

New London and Kimberly are scheduled to battle at New London. Kaukauna and Menasha will fight off their grievance in the first named city.

**EXPECT HUNDREDS AT GUERNSEY MEET**

PURE BRED CATTLE BREEDERS PRAY FOR GOOD WEATHER FOR PICNIC NEXT TUESDAY

Guernsey Breeders of the Fox River valley are praying for good weather for their annual picnic and sale, which takes place Tuesday at the Henry Baumgartner farm, Wrightstown. Outagamie county is expected to send the largest number of families there, basket-laden, as this county leads the valley in Guernsey breeding. Nothing on the program will furnish greater interest than the sale of six pure bred Guernsey bulls, ranging from five months to one year old. They will be auctioned off by a sales committee consisting of Harry Leppla, George Lucia and Paul Nyhus.

Walter L. Hauser of the Wisconsin Livestock Breeders' Association will address the Guernsey men on matters of importance. A band will be on the grounds to liven up the occasion.

A wider acquaintance and mutual good fellowship is promised every family that attends. The committee on arrangements, consisting of Henry Baumgartner, Leon J. Delahaut and J. N. Kavanaugh, has prepared a novel "stunt" for acquainting the people with each other and mixing the crowd. Hundreds of Guernsey men from all over the Fox River valley are expected to attend.

Mrs. Paul L. Hackbert, who was a delegate to the Pythian Sisters' convention at Milwaukee arrived home last night. She returned by way of Edgerton where she went after her two sons, Harlan and Junior, who had been visiting there for the last ten days.

## 175 ARE EXPECTED AT RAINBOW VETS' CONVENTION SUNDAY

FIRST SESSION IS TO BE HELD AT ONE O'CLOCK, FOLLOWED BY BANQUET AT SIX O'CLOCK

Tomorrow the Appleton chapter of the Rainbow Division veterans will be host to 175 ex-service men who gather here for the annual state convention. A business session in the afternoon and a banquet in the evening will be the outstanding events.

Fifteen delegates from each of the Appleton, Oshkosh, Fond du Lac and Oconto chapters will have voting power in the business meeting. Appleton delegates are to be Dr. James A. Rolfe, chairman, August A. Arens, Allan B. Ellis, Arthur Rock, Alfred Pinkle, Francis X. Bellevue, L. Hugo Keller, Floyd Kessler, Lothar G. Crouch, Frank Spruch, Robert Merkel, Paul Wilke, Harold Pindle, Sam Crouch, Harry Perkins, alternates, Joseph H. Marston, Theodore Albright, William Crownhall, H. LeRoy Craig, Portage; Kirk White, Rhineland, Martin Peeters, Appleton, is state secretary.

The business session will start at one o'clock at Elk hall. The banquet will also be held there, starting at six o'clock. Quartettes that whiled away the evenings near the firing lines in France will render several selections, and all the veterans are to share in community singing of war songs. Other features will be included and it is the hope of the com-

The veterans also expect to make plans for a more extensive organization of the Rainbow men in Wisconsin with the idea of having a bigger convention in 1921.

## RAIL MEN MEET TO TALK OVER SAFETY RULINGS

(Special to Post-Crescent)

**Madison, Wis.**—A highly important safety conference was held in the hearing room of the Railroad Commission this week, those attending being representatives of the Railroad Commission, representatives of the steam railroads and representatives of the electric railroads operating in the state.

The meeting was held at the institution of the Railroad Commission. Serious accidents which have occurred at the crossings of steam railroads by electric lines suggested the necessity for an increase of safety measures.

Prior to the holding of a second conference a survey of the conditions at the many crossings in the state will be made and with this before it the conference will be able to outline some kind of a policy or method for lessening the danger at the crossings referred to. Under present laws every electric car or train must stop and be signalled over a steam railroad crossing, though the latter may be a mere industrial side track. The work of the conferences may result in a change in some features of the present laws, and the enactment of new laws to meet the requirements.

## LEGION MEN CAN MEET BUDDIES IN GREEN BAY

ONEY JOHNSTON POST WANTS EVERY WAR VETERAN TO ATTEND STATE CONVENTION

Officers of the Oney Johnston post are working for a 100 per cent turnout at the state convention of the American Legion June 29 and 30 at Green Bay. It will be the one opportunity the ex-service men have thru-out the year to meet their "buddies" who fought with them in France.

The first day of the convention will be devoted mostly to business. Four delegates have been chosen to represent the Oney Johnston post at these sessions. They are Dr. James A. Rolfe, L. Hugo Keller, Homer H. Benton and George Merkel.

Green Bay will be turned over to the ex-service men the second day of the convention. Everything in the way of amusement will be at their disposal by showing a badge or Legion button. If enough men can be signed up, Appleton plans to send a special train. Badges or hat bands will be provided to give the local delegation a mark of distinction.

## FAMILY REUNION AT THE AMES HOME IN LEEMAN

**Leeman.**—A reunion was held at the home of Mr. and Mrs. B. H. Ames Sunday. Those present were all relatives of Mrs. Ames. Those present from this vicinity were Mr. and Mrs. Myron Ames and daughter Joyce, Mr.

Diemel and children, Clyde, Clifford, Elaine and Glen, Mr. and Mrs. Orville Diemel and daughters Gertrude and Zella.

Guests from out of town were: M. D. Leeman, Mr. and Mrs. E. K. Wagner and daughter Eugene, Mr. and Mrs. Charles Boardman, and three sons of Green Bay; Clarence Leeman of Townsend; Charles Leeman of Neenah; Myron Leeman of Sandpoint, Ia.; Mr. and Mrs. H. D. Leeman and daughter Faye, Mr. and Mrs. William Moede and daughter Savalle and Mr. and Mrs. J. Rice of Suring.

The Ladies Aid society meeting at the church was well attended.

Mrs. Flora Leeman visited friends in Townsend Wednesday and Thursday.

The F. R. A. gave an ice cream social Thursday evening at the home of Mr. and Mrs. J. C. Nelson.

Doris Leeman made a brief visit at her home Thursday evening. They were on their way to Clintonville. Verne Allen accompanied her.

**12 GAMES IN FACTORY LEAGUE THIS AFTERNOON**

Twelve baseball teams will be busy this afternoon at various diamonds trying to mull up the standings of the Inter-Factory League. It is expected that a large number of fans will turn out to support their particular heroes. The Interlake company headed the list as the result of last week's games and Union Bay and Paper company, Kaukauna, second.

Mr. and Mrs. Fred Berg and three children left today for Edgar, where they will spend the week end with Mr. Berg's brother, Elmer. They are making the trip by automobile.

## CELEBRITY GIRL OF MOVIE FAME GUEST IN APPLETON HOME

MISS OLIVER, ACCOMPANIED BY BERT LENNON, SPEND DAY IN APPLETON THIS WEEK

The "Celebrity Girl" was an Appleton visitor yesterday. And she likes one immensely.

"I'm so tired, for the time being, of meeting kings and queens and princes—of trading small talk with diplomats—dining with officers of army and navy—greeting politicians from the 'slush fund' suspect of Missouri to the presidential nominee. I'm much happier in meeting the plain Bill Browns and Mary Smiths of this beautiful Wisconsin city."

Miss Oliver, accompanied by Bert Lennon, a former Appletonian, with whom she is affiliated in motion pictures, was the guest of Mr. and Mrs. Phil Miller, 947 Fifth street.

Miss Oliver, who came from California, is reputed to be the most beautiful girl on the Pacific Coast. Admiral Hugh Rodman, in dedicating the Venice Municipal Aviation Field, of which Miss Oliver is the official mascot, declared that "in all my cruises of the seven seas I have never met a prettier type of young womanhood."

The "Celebrity Girl" who was present at the recent convention of the Republican Party in Chicago, and invited every big personage to attend the forthcoming Fruit Fiesta in California, was the first of her sex to congratulate Senator Warren G. Harding, the nominee, after he had received the congratulations of his wife.

"He promised to be with us," she said. "And, what is more, as queen of the Fiesta it shall be my honor to introduce him to the vast crowd which annually attends the Mardi Gras of the West."

Miss Oliver will attend the Democratic Convention in San Francisco, where she will extend similar invitations to the celebrities there.

The title of "Celebrity Girl" has been conferred on Miss Oliver because of the many big events in which she has participated, and the well known people it has been her privilege to meet.

Miss Oliver will discuss interestingly the many "big guns" she has met—but she modestly hesitates to comment on her beauty.

"The secret of a graceful figure and an enviable complexion lies in plenty of outdoor exercise and the eating of fruits and cereals," she said. "Here's a little tip for Appleton girls: Eat raisins and you'll become a stranger to the massage parlor."

"Really, the inexpensive raisin is nature's best blood purifier. Containing iron, it brings color to the cheeks and brightness to the eye, and because its sugar is self-digesting, there is no harm in eating the raisin in any quantity."

"A dish of raisins for breakfast, a piece of raisin pie for luncheon, a slice of raisin cake for dinner and cold cream and powder will disappear from your dressing table."

Miss Oliver will be an Appleton visitor on her next visit east, in about six weeks.

that a satisfactory new building be erected, fully equipped and ready for occupancy on or before that date.

**Cuts Off State Aid**

"This action is taken in accordance with section 39.02 of the statutes, which decree that in case of failure on the part of the electors to comply with these directions, the district's share of the seven-tenths of a mill tax provided for by law is absolutely forfeited and must be withheld by the state superintendent when making the apportionment of the state school funds in December, 1921, and every year thereafter until these directions have been complied with."

The first district's share of the mill tax is approximately \$5,500 a year. The money is apportioned according to the number of children of school age residing in the district.

Members of the school board said that the in-pector was misinformed when he said that the district's assessed valuation is approximately \$7,000,000. Latest figures value property in the district at slightly more than \$4,000,000.

## MISSIONARY SOCIETY WILL ELECT TODAY

Officers for the ensuing year were to be elected by the Wisconsin branch Woman's Missionary society of the Evangelical association in convention here. The convention closes with services in Emanuel Evangelical church tomorrow evening.

Last evening's session and those today were devoted almost entirely to business affairs. Reports of officers and department heads were read and discussed and plans were made for next year's activities. The convention is attended by about 100 women. Mrs. F. Saiberlich has charge of arrangements here. Visitors are being entertained by local members. Meals are served in a big dining hall at the church.

## N. Y. CHINATOWN GOES ON OUTING

(Special to Post-Crescent)

New York—Practically the entire population of Chinatown went on an outing and successfully resisted the attempt of two score of white men to interfere with the festivities. The white men objected to the presence of white women in the Chinese excursion.

## PHONE SERVICE POOR BECAUSE OF LOW WAGE

(Special to Post-Crescent)

New York—Phone service here is unsatisfactory because too many girls quit their jobs, and they do this because their wages are too low according to a report made today by Governor Smith by Miss Nellie Swart of the State Industrial Commission.

Herbert and Victor Voecks arrived home last evening to spend the vacation with their parents, Mr. and Mrs. Albert Voecks. They are students at Northwestern university, Watertown.

## EVENING GOWN DISTINGUISHES BUSTLE SASH

**BY CORA MOORE.**

New York. The bustle may be old-fashioned, but the bustle sash is the very newest effect in evening wear. This model which Frances Carson wears as William Collier's heroine in "The Hotentot," was designed for her by Premet. It is of hydrangea tulle, with a rising hemline that discloses an accordion-plated underskirt at the side-back.

Embroidery is also a feature of this dainty creation. Morning glories are worked in heavy raised stitching, the color of the flowers symbolic of the rising sun. Silver threads and beads are used for stems. The shoulder bands are of beads and silver ribbon.

## WIDOW TO CONTEST ELWELL WILL

Mrs. Joseph B. Elwell.

New York.—Mrs. Joseph B. Elwell, widow of the slain wealthy turfman and card wizard, intends to contest her husband's will in an attempt to secure a portion of his estate for her son. Both widow and son, who had lived separately from him, were left without a share. The finding of a silk garment in Elwell's apartment, which has been identified as the property of a New York society woman, is one clue the police are working on. Edwin Rhodes, chauffeur for the slain man, denied that he had ever taken women to Elwell's home or ever saw any there.

## GOVERNOR AWAITS CALL OF FRIENDS TO A FOURTH TERM

CANDIDATES FOR STATE OFFICERS ARE DOING PRACTICE STEPS PREPARATORY TO BIG RACE

Madison, Wis.—That Governor E. L. Philipp will enter the gubernatorial contest for a fourth term within the next ten days or two weeks seems to be the opinion of the men most closely identified with his administration. The governor will not be a candidate except on a call of his party friends and it is believed that a conference will be arranged at which the entire subject will be submitted. That this conference will ask the governor to be a candidate seems to be the forgone conclusion. During the past few weeks Governor Philipp has received many letters from business men asking him to enter the contest. There is every indication that he intends to accede to this request if a formal call for his continuance of service is made.

The party lines are being largely formed. It is said here that labor organizations will endorse the candidacy of John J. Blaine who has just been endorsed by the Wisconsin branch of the Non-partisan League. There is no longer any doubt but that the ticket headed by John J. Blaine for governor and endorsed by the farmers' convention here this week will have the united support of progressives. Those who have heard from Senator La Follette say that the senator feels that the race is made up of true and true progressives and that under the circumstances progressive and liberal minded voters should unite to make sure of its endorsement at the polls.

Roy P. Wilcox, Eau Claire, the first man to announce his candidacy for governor on the Republican ticket is already in the field. Merlin Hull, Black River Falls, the present secretary of state is also delivering speeches in the interest of his candidacy. J. N. Tittmore, Oshkosh, is pressing his campaign among the Equity organization members. There seems to be a feeling here that Gilbert E. Seaman, Milwaukee, may enter the contest. Men aligned with the so-called McGovern movement in the state declare that either McGovern or Seaman will be candidates while some of the Philipp men declare that Seaman will not be a candidate unless he has the support of Governor Philipp, which now seems unlikely. E. E. Dittmar, Baraboo, Progressive Republican candidate for governor spoke in Mayville Friday night and it is said that he plans a number of other addresses in the state during the next few weeks.

So far only three men have announced themselves as candidates for Lieutenant-Governor. George F. Collins, Eau Claire, has the endorsement of the Wisconsin branch of the Non-partisan League and the papers of Charles H. Everett, Racine, the running mate of Roy P. Wilcox two years ago have been sent out for circulation. Dr. Pullen, Fond du Lac, is seeking the soldierly vote.

The office of secretary of state seems to be an inviting one judged from the number of candidates in the field. Elmer S. Hall, Green Bay, has endorsement of Non-partisan League. Other candidates who have entered the field are Alex Cobbins of Madison, who announced his candidacy and within a few days the announcement is expected from O. G. Munson of Vinona. Whether C. L. Schaeffer, for seven terms chief clerk of the assembly will enter the field as candidate for secretary of state has not been decided as yet. For the office of State Treasurer, Solomon Levitan's papers have already been circulated, and he has already received a sufficient number of signatures. He has recently been endorsed by the Wisconsin branch of the Non-partisan League and it is claimed that the labor organizations will also endorse his candidacy. State Treasurer Henry Johnson is a candidate for fifth term. Col. John Turner, Madison, is also mentioned as a possible candidate on Republican ticket. So far only one candidate has been announced for attorney general and this was the endorsement of Christian Doerfler, Milwaukee, by the Wisconsin branch of the Non-partisan League. For the offices below Governor it is expected that there will be several new announcements, however, within the next few weeks and should Gov. Philipp become a candidate it is probable that he will put an entire state ticket in the field.

Democratic leaders here claim that Joseph E. Davis, Madison, will again be candidate for United States Senator on the Democratic ticket and that his announcement will follow closely on the heels of the Democratic convention at San Francisco.

**HERDSMAN FIBS—BULL MUST DIE**

(Special to Post-Crescent)

London—Sentence of death has been passed by the Sherborn Society of Great Britain on a Shorthorn bull owned by Mrs. H. Stewart of Perthshire and valued at \$30,000. It is alleged a herdsman, understated the bull's age at a stock show and as a punishment for his deceit the society has decreed the bull's death.

**"RECEPTION COMMITTEE" MUCH TOO FRIENDLY**

(Special to Post-Crescent)

Perth.—The "reception committee" of one, which extended the glad hand to Harry Hought when he alighted from a train from Missoula, Mont., was very pleasant to Hought. He was down all around the town. Then the lone "committeeman" found he was broke. Would the visitor kindly cash two checks for \$23 each? Certainly, Hought's out.

## TRIES TO SAVE A CHICKEN—DROWNED

(Special to Post-Crescent)

London.—While endeavoring to save a pet chicken from a barnyard water trough here, Mrs. Emma B. Wilson, 59, was drowned.

Mrs. Lucretia Wiehmann was a visitor at Kaukauna Friday evening.

## WOMEN DELEGATES TO CONVENTION ARE INDIAN DESCENDANTS

Mrs. Richard L. Fite.

There will be two Indian women delegates to the Democratic National Convention, both from Oklahoma. Mrs. Richard L. Fite is a descendant of Sequoyah, inventor of the Cherokee alphabet, and Mrs. Eugene B. Lawson is kin to an Indian once the chief of the Delaware nation.

## "GETAWAY" CHAMP BACK IN THE PEN

(Special to Post-Crescent)

Toledo—"Getaway" Epsy, 32, with a record of more than 12 successful jail breaks, is back in the Michigan State Penitentiary. He was arrested here following an escape there.

## EGGS IN EAT SHOPS STILL COST HEAP

(Special to Post-Crescent)

Houston, Tex.—Eggs sell here for 30 and 35 cents a dozen. Restaurants still charge 25 and 35 cents for two. They set that price when eggs were \$1 a dozen. But they can explain the price now. "Due to the high cost of fuel," chorus they.

## Military Promotion

Promotion in rank on the field of battle is the oldest and most satisfactory reward for valorous military service possible. The custom has existed since war began. It is probably originated about the time that armies grew out of the mob stage—when the strongest was the chief and the next strongest, who fought their way to his side by physical valor in time of battle were the subchiefs. It existed at Greely and Agincourt when the commander of the British forces lifted the visors of their helmets and struck with the swords the jerkins of a few valiant bowmen or spearmen with the ancient formula of knight-hood. It existed in the Napoleonic wars, when the Little Corporal made marshals of France of such men as Ney and Bertrand on the field of battle. It was always the prerogative of sovereigns in the days when kings and emperors led their own troops to battle and to a great extent it has persisted through the times when leaders of peoples became more of statesmen than warriors.

## Crack Drive Off the Tee.

Golfers have their differences like other sportsmen. Up to the present the question as to the difference of a crack drive, off the tee, for example, remains unsettled. By dint of careful measurement, it is asserted that 200 yards is a very good drive, and that it is only the crack players who can cover the 250. Two hundred and fifty yards is, however, a very long distance, and just about twice as far as even the deffest of us can throw a cricket ball. One hundred and forty yards is the record distance for throwing a cricket ball. A competitor in the Olympic sports has thrown a javelin just over 211 feet. With a sling a stone has been thrown more than 300 yards.

In Bombay there is a fakir who spends all the hours of daylight of every day suspended head downward. Two fiber ropes attached to the limb of a tree constitute his support. Early every morning the fakir holds of the handles at the ends of the two ropes, reverses the natural position of the body, and hangs there till sunset. He has been doing this now for three years.

E. Revlin, a student at Northwestern university, Watertown, is home to spend the vacation with his parents the Rev. and Mrs. E. Revlin, Ellington.

Norman H. Kamps, who has been attending the school of Arts, Milwaukee, is here for a two weeks' visit with his parents, Mr. and Mrs. Theodore A. Kamps, 28 Sherman place. He expects to enter the Art Institute, Chicago, for a summer course.

A model, being made of the ancient dungeons of the Chateau de Corcy in France, will consist of between 7,000 and 8,000 pieces of cardboard.

# MAKING PROGRESS ON BIG IOWA CONTRACT

GARVEY AND WEYENBERG COMPANY IS EXPERIENCING LITTLE DELAY ON \$612,000 ROAD JOB

"We have already laid two miles of concrete pavement and have been delayed only five days in getting sand and gravel," said Hugh Garvey, who has just returned from Iowa, where his firm has a \$612,000 contract. "We have all the help we need and cement enough in stock to keep us going for some time," he said.

The contract awarded to Garvey & Weyenberg consisted of twelve miles of the North Iowa Pike located between Mason City and Charles City, which they expect to complete before cold weather. A cement factory is located nearby so that no trouble is experienced in getting a supply.

The company is boarding and lodging its men. The wages do not vary much from those in Wisconsin.

Practically all of the material is unloaded at night. The company avoids the embargo on gondola cars by having its sand and gravel shipped from points west so that does not interfere with the eastward movement of cars to the coal fields.

Mr. Garvey is on his way to Marquette and Neenah, where his company has a grading contract of ten miles between the two cities on which work is well advanced.

# TRAIN HITS TRUCK; TWO ARE INURED

WISCONSIN AND NORTHERN PASSENGER TRAIN CRASHES INTO MILK TRUCK AT BLACK CREEK

Ray L. Daniels of Black Creek, driver of a milk truck, and Miss Lorena Riese, 13 year old daughter of William Riese, Black Creek, were injured Friday morning when the truck on which they were riding was struck by a Wisconsin and Northern train. The accident happened on Riese crossing, just north of Black Creek. Daniels was going up a grade on low gear and failed to notice the approaching train. The rattle of the truck prevented his hearing the whistle and his car was on the track before he realized his predicament. The truck was demolished in the collision and Daniels was thrown 60 feet. The girl was carried along on the pilot of the engine until the train came to a stop.

An examination showed that Daniels suffered bruises to his head and one hand and was badly shaken up. Miss Riese suffered a broken arm and broken collar bone. Both are resting easily today and will recover.

Elmer Gritzmacher, who has been at St. Elizabeth hospital for some time, has recovered sufficiently to return to his brother's home on College avenue.

## Summer Blouses That Cost Little When You Make Them Yourself

## G. O. P. PLATFORM PLEASES ROAD MEN

F. A. CANNON, SECRETARY OF GOOD ROADS ASSOCIATION, FAVORS FEDERAL ROAD AID

(Special to Post-Crescent.) Madison.—"Good roads advocates are highly pleased at the plank in the Republican platform adopted at Chicago regarding the highway question and doubly so because of the fact that Senator Harding, the presidential nominee is openly on record in favor of pushing the good roads movement," said F. A. Cannon, executive-secretary of the Good Roads Association.

## WOMEN NEED NOT STAND IT

Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

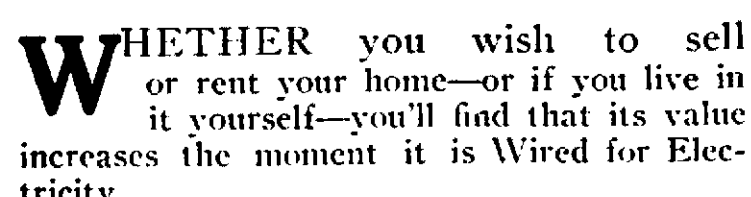

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

## MANY CHILDREN ARE WORKING IN SUMMER

APPLICATIONS FOR CHILD LABOR PERMITS SWAMPED OFFICIALS IN MANY CITIES

(Special to Post-Crescent.) Madison.—More children are going to work this summer in Wisconsin than ever before, according to the Industrial Commission which administers the child labor law. Permit officers throughout the state are reporting unusual rush for permits with the close of the schools. In 1919, there were approximately 20 per cent less permits than during the year of 1918 but 1920 seems likely to exceed even the figure of 1918. The Commission believes that this increase in the number of children going to work is due to unusual business activity and the continued high cost of living.

The Child Labor Law of Wisconsin requires all employers to secure permits before giving employment to any child under 17, except in agricultural pursuits, and in domestic service in cities in which there are no continuation schools. Permits are required during the time when the schools are closed, as well as during the school year.

Regular permits during the school year can be issued only to children over 14. During the summer vacation, however, permits may also be issued to children between 12 and 14, but only for employment in stores, offices, or in telephone and telegraph, or public messenger service. The Industrial Commission reports that many employers are sending children under 14 years of age for permits to be employed in factories. No such permits can be issued, because the beginning age limit for factory employment is 14, regardless of whether the schools are in session or not.

## LITTLE CHUTE BOY IS INJURED IN MILWAUKEE

(Special to Post-Crescent.) Little Chute.—Mrs. Anton Jansen left Tuesday for Milwaukee where she will visit relatives for a few weeks.

Mrs. J. Barden of Oconto was a guest at the home of Mr. and Mrs. Henry Lucassen, Tuesday.

## HARDING RELATIVES AT STEVENS POINT

Stevens Point—Warren G. Harding, Republican choice on the presidential ticket, is directly related to a Stevens Point family, and was named after a man who was pastor of a Stevens Point church in early days. Mr. Harding is a nephew of Mrs. Sarah M. Bancroft, who resides at the home of her son-in-law, G. L. Barrows, this city. He was named after Mrs. Bancroft's late husband, Rev. Warren G. Bancroft, who was his uncle and who was pastor of the Methodist Episcopal church in Stevens Point many years ago. The late Mr. Bancroft died in Oshkosh eight years ago. Mrs. Bancroft has been a visitor in the Harding home in Ohio several times. Mrs. T. M. Murrish of this city, a granddaughter of Mrs. Bancroft, has also visited at the Harding home.

## NASH MAY ERECT AUTO FACTORY IN ENGLAND

Kenosha—Charles W. Nash, president of the Nash Motors company of Kenosha and Milwaukee, said on Wednesday that his proposed trip to England would be for the purpose of establishing a plant in that country. He declared that English motor agents had been urging this step.

An announcement at the Nash dealers' convention here Tuesday night showed that the Nash company had signed contracts for \$74,000,000 worth of business for the year.

This is for 65,000 cars, 45,000 pleasure cars to be built at the Kenosha plant, 10,000 Nash Fours to be built at Milwaukee and 7,000 trucks to be built at Kenosha.

## ST. ATKINSON PLANS TO BEAUTIFY RIVER BANKS

St. Atkinson, Wis.—A movement to beautify the shore line along Rock river is on foot. This movement received a great impetus when it was shown at the Intaglio dedication on June 6 what a great improvement could be made in a short time if the matter was properly attended to.

Mr. James, of the James Manufacturing Co., who was instrumental in con-

verting a mass of underbrush and unsightly rubbish in front of the Intaglio into a sodded and terraced parkway with stone steps leading to the river, in the space of five days, says "We hope to have the shore line improved throughout the city. One of the purposes of the celebration was to show the people what can be done in beautifying the river banks and to instigate an extension improvement program."

## SWITCHMAN IS STABBED TO DEATH IN PARK FIGHT

La Crosse.—Frank Colgan, 33, a switchman, was stabbed to death during a fight at Copeland park, early today. Claude Dooley, alias George Thompson, a "bookie" switchman, is charged with the murder, in a warrant issued after Colgan had made a dying statement to the effect that Dooley had done the stabbing. Colgan lived ten minutes after the attack. He told the police that he had been asleep in the park and on awakening found that his watch and \$40 had been stolen. He accused Dooley of the theft and Dooley attacked him, he said.

## DOPES GUM TO MISLEAD GIRL; GETS THREE YEARS

Eau Claire.—Dudley Wilcox, 22, resident of Almota, Wis., was sentenced to three years at Green Bay in Judge Jenkin's court in Chippewa Falls when he admitted dishing chewing gum with the intent of misleading a girl. He was arrested by an officer whose attention was caught by the peculiar odor of some gum he was offering to three girls. He had in his possession a bottle of dope and had put enough on a stick of gum to kill a person. The accused man first said he had bought the dope to kill a horse.

## PRICES ON POTATOES WILL SOON HIT SKIDS

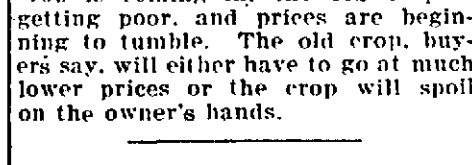

Ashland.—In some places in northern Wisconsin, Chicago buyers have been offering \$8.50 per hundred pounds for potatoes, the farmers holding out for \$10. Refusing to pay this price, the buyers have been cancelling their orders. The new crop is coming in, the old crop is getting poor, and prices are beginning to tumble. The old crop, buyers say, will either have to go at much lower prices or the crop will spoil on the owner's hands.

## DAIRY INSPECTOR ARRESTS FARMER

Beaver Dam.—W. A. Stewart, an inspector of the state dairy and food commission, invaded Dodge county and judging from the number of complaints he made conditions in handling milk in some cases are very unsanitary. Frank Bieker, town of Calamus, pleaded guilty in Judge Laanen's court to a charge of operating a milk machine that was in an unsanitary condition and was fined \$25 and costs. Other cases will be decided later.

## MARKET OFFICE IS SEEKING PUBLIC AID

DIRECTOR NORDMAN REQUESTS PUBLIC CRITICISM OF LETTERS TO BE MAILED SOON

(Special to Post-Crescent.) Madison.—"An organized effort is being made by the State Division of Markets to reach some proper conception of the problem of the high cost of living," said Director Nordman today. "The division recognizes that there are certain shortcomings in our economic system that will have to be remedied by legislative action, but also that beyond these are problems to be solved otherwise. First of all the Division of Markets desires through a series of letters which it proposes to send out to get the views of as many as organizations and individuals as possible. It realizes that the real problems involved go to the very root of our economic life; and, that until there is arrived at some degree of unanimity as to what the problems are and how they are to be attacked, little can be accomplished."

"The procedure which the division intends to follow in these discussions will be to express its opinion on the particular subject treated in each letter. It invites the public to criticize it with suitable suggestions for the remedy of the existing shortcomings. The Division of Markets will then study and carefully analyze all the replies received and will undertake either to remove these shortcomings at once or to work out definite proposals for suitable remedies. Each letter will deal with some one aspect of the prob-

## PROMISE 7TH DISTRICT CONGRESSIONAL FIGHT

La Crosse.—A warm fight in the primaries between Representative John J. Esch, and J. D. Beck, of Virgo, who aspires to his seat in the house is promised in the Seventh district. Beck is running on a La Follette platform, backed by the new farmer-labor alliance. Just home from Washington, Congressman Esch asked about the Esch-Cummins railroad law, said he proposed to go directly before the people and give them first hand information concerning this measure, which he maintains has been greatly misunderstood and unjustly attacked in labor circles. Wall street fought us tooth and nail when this bill was under consideration," said Mr. Esch. "The story that the measure forces the government to guarantee profits to the roads is an absolute falsehood."

A person may change his name as often as he likes, provided such change is not made from fraudulent or improper motives.

## OLESEN IS SURGEON OF U. S. HEALTH SERVICE

(Special to Post-Crescent.) Madison.—Dr. Robert Olesen, acting epidemiologist for the state board of health, has received his permanent commission from President Wilson as surgeon of the United States Public Health service, to which rank he was promoted from passed assistant surgeon following an examination taken at Washington last April. The commission is retroactive to April 9.

Dr. Olesen is attached to the Wisconsin department upon indefinite leave granted by the federal government.

Mr. and Mrs. Lloyd Daley of Chicago, who were married in that city Wednesday afternoon at Our Lady of Sorrows church, arrived in Appleton to spend several weeks. Mrs. Daley was formerly Miss Estro Irene Hickey of Chicago. The groom has relatives in Appleton and is quite well known here.

**UNCLE SAM PAYS \$1 AN OUNCE FOR SILVER**  
By United Press Licensed Wire  
Washington, D. C.—Rise in the price of bar silver from 90 to 90 cents an ounce in one day as due largely to the government's recent purchase of 1,500,000 ounces of American silver at \$1 an ounce, mint officials said today.  
The government will pay \$1 an ounce for American produced silver regardless of what the market quotations are, and this, it was pointed out, helped stabilize the market and exchange, and also benefits American miners. The government under the Pittman act, has authority to purchase 207,000,000 ounces of silver, and, as only a portion of this has been bought, the market may see further advances.

# CANDIDATES' NAMESAKES ARE NOT ALL OF THE SAME MIND

By United Press Leased Wire  
 (Chicago.)—The skill of the political bagpipe and the smoke signals of presidential candidates will not rally all the clans, according to Chicago namesakes of democratic prospects. The November elections, according to their statements today, will find clansmen against clansman. This was what they said:

William J. Bryan — "My views don't coincide with those of William Jennings Bryan at all. I'm a republican and wouldn't think of voting for him if he were nominated."

Thomas W. Marshall — "I don't know Vice-President Marshall, but if he's a democrat, I don't vote for him."

Edward Edwards — "I'm neutral but I couldn't vote for Governor Edwards for president. I've been a prohibitionist all my life."

J. W. Davis — "Jeff Davis couldn't get very far and I won't waste my vote on any Davis. Me for Edwards or Cox."

These clansmen will stick: James McAdoo — "Of course I'll vote for my uncle if he's nominated."

A. Mitchell Palmer — "I'm a progressive but might condescend to vote for the attorney general if he's nominated."

Dr. James Cox — "I might vote for Governor Cox. I hadn't thought of it before."

Robert Owen — "I never heard of Senator Robert L. Owen, but I'm a democrat and would vote for him."

T. Meridith — "I might change my mind before November, but if he's nominated, I think I'll vote for E. T. Meridith."

# RECONSIDER ROUTE OF ROAD THROUGH COUNTY

LEGISLATIVE HIGHWAY COMMISSION WILL MEET HERE NEXT WEEK TO HEAR OBJECTIONS

Because of opposition to the proposed layout of the new London-Shioket-Black Creek-Green Bay road which would bisect the county, the Wisconsin highway commission has announced a hearing for Appleton, June 30 to reconsider this route. The meeting will be held at the courthouse at 1:30 o'clock in the afternoon.

Opposition developed as soon as this route was proposed but it was not of sufficient strength to prevent its adoption. Remonstrances have been filed with the commission since then, however, and a new hearing was ordered.

Testimony will be taken by the Legislative State Trunk Highway commission of which Senator Clark is chairman and Assemblyman Chapelle is secretary. All persons interested in this road and its route will be permitted and urged to express their views.

# COLLEGE PREPARES FOR BIGGEST YEAR WHEN SCHOOL OPENS

RECORD ENROLLMENT AND ENLARGED CURRICULUM ARE PROMPTLY FOR NEXT SCHOOL YEAR

Lawrence college will re-open September 14, for a new school year which promises to be bigger than any other in the history of the college. The unrest of post-war conditions which has been more or less of a disturbing influence the past year will have ended. Conditions will have reached a more normal state.

It is already evident that the enrollment for the new year will be much larger. All the rooms at Russell-Sage hall have been taken and only five are still unclaimed at Ormsby hall. A large number of the rooms at Brookway have also been taken. However, the college has made no arrangements for handling a larger number of students than last year. President Samuel Plantz says that no more students will be enrolled than the college can handle and since the college could not accommodate all the candidates for entrance the past year, it is possible that the enrollment will be much the same.

Enlarge Study Course

Whatever the enrollment will be, the program for the new year will mark it as the biggest yet. Each department head is making arrangements for additional courses in his department. One of the departments which will be especially extended is that of journalism. Due to the increasing interest in journalism among the students, several new courses were added last year and next year several others will be offered, including courses in writing of feature articles and advertising copy writing.

The departments dealing with the social sciences have also been greatly enlarged. The number of social science students is rapidly increasing, making the extension of these departments necessary. The other departments have undergone a similar growth.

Several additions have been made to the faculty and a number of the old faculty will not be present next year. However, despite the many changes there will be an unusually strong faculty for the new school year.

# SELECT FACULTY FOR BIBLE SCHOOL

ARRANGEMENTS ARE NEARLY COMPLETED FOR OPENING OF VACATION SCHOOL NEXT MONTH

Selection of teachers for the daily vacation Bible school is completed and a program of classes arranged. The classes are to open July 6 and are to be held at the Y. M. C. A. First Congregational church and the vocational school.

Devotional periods at the opening and close of the classes are to be in charge of H. B. Frame and Miss Lorna Packard. Mrs. Mary C. Wells, Miss Edith Wood and Miss Olga Heller are to have charge of the Bible study and memory work. Instruction in religious music will be given by Mrs. L. A. Brigham. Topic studies will be handled by Mr. Frame.

Craft work will have an important place in the curriculum. Mr. Frame, Miss Winifred Wood, Mrs. Wells, Miss Katherine Pratt, Mrs. Brigham, Miss Mary Thom, Miss Parkard, Miss Doretta Court, Miss Heller and John Schueller are to conduct these classes. Wood work will be taught by Harry Cameron, and sewing and weaving by Miss Marion Young.

Dramatization of Bible stories will be conducted by Miss Heller. The younger pupils will have a story hour in connection with their Bible work under Miss Court.

A play hour will be held Thursday and Friday of each week with Mrs. H. B. Frame, Miss Court, Miss Heller and Mr. Schueller, in charge.

Sessions are to be held each day from nine to 11:30 o'clock. A registration fee of 10 cents is the only charge for the entire course. The school is supported by the First Congregational, First Baptist, First Methodist, Presbyterian and German Methodist churches.

# CHILDREN'S DAY TO BE OBSERVED AT M. E. CHURCH

The Children's Day program at the First Methodist church will be presented at 10:30 o'clock next Sunday morning. There will be a short address by Dr. Wood; baptism of adults; reception of members and an interesting program entitled "The College Bell" presented by the young-er departments of the Bible school. Following is the program:

Organ Voluntary, Mrs. Brigham; Song, "The Joy of Knowledge" Intermediates and Juniors; Invocation, Dorothy Ralph; Responsive Reading, led by Dorothy Ralph; Song, "The College Bell," Junior Dept.; Pantomime, "The Student, The Children and the Good." Those taking part are: The Student, Mel Buxton; The Child, Dorothy Peterson; Missionary, Esther Smith; Children's Day Children, Beginners Dept.; Industries and Business, Primary Dept.; Professional, Junior Dept.; Ushers, Intermediate Dept.

The Genie Song, Beginners Department; Song, Young Ladies Quartet; Address, Dr. Wood; Offertory solo, Mrs. Berger.

# ONLY THREE EXAMINATIONS FOR TEACHERS THIS YEAR

Teachers examinations which a few years ago played a prominent part in the duties of the county superintendent of schools are now given very little attention for the reason that practically all of the teachers now hold diplomas from county training schools, normal schools, colleges and universities. The greatest number which A. G. Meating examined any one year was 150, while this year he had only three. Examinations were formerly held at Appleton, Seymour and New London.

Quite a number of districts have re-engaged their former teachers at an increase of salary, but the majority of school boards have taken no steps in this direction as yet. Many of the experienced teachers are indifferent about teaching the coming year.

# WARREN BULLOCK IS HONORED IN EAST

Syracuse, N. Y.—A former Wisconsin newspaper man, Warren B. Bullock of Milwaukee, graduate of Lawrence College, Appleton, Wis., was honored during commencement week at Syracuse University by election to the honorary journalistic fraternity of Syracuse University, Pi Delta Epsilon. The Syracuse chapter, Alpha Alpha, the parent chapter of the fraternity, at the same time elected to membership Dean Wharton of the College of Business Administration of Syracuse University; Paul M. Paine, public librarian of Syracuse, and Prof. H. W. Wilson, head of the department of journalism in the College of Business Administration. Prof. Bullock is not on the faculty of the university itself, but is director of forest extension of the New York State College of Forestry, also located at Syracuse, and will give a special course, together with Syracuse city newspaper men, on technical newspaper methods, during the coming year. He was also elected county committeeman from the Syracuse university post of the American Legion the first university post of the Legion in the country, named in honor of the first American soldier to win the distinguished service cross, Homer J. Wheaton, a Syracuse university graduate.

# CANNING SEASON WILL OPEN WITHIN A WEEK

"Next week will be the time to can strawberries," said an Appleton grocer today. "They will flood the market and will be the cheapest of any time during the strawberry season."

The dealer stated that they were starting to come in now, but that a large quantity will ripen early in the week. The large quantities coming in at one time will no doubt lower the price. He estimates that they may be purchased at 25 or 30 cents a quart box, or possibly lower before the week is over.

He also believes that pineapples will never be lower than now, and suggests that housewives plan their work so that the coming week may be devoted to canning.

# KILBANE TO RETIRE FROM FIGHTING GAME

By United Press Leased Wire  
 Cleveland.—Johnny Kilbane announced that he will retire from the ring "shortly" and turn his title of featherweight champion over to Jack Wolf, Cleveland, who has been fighting as a bantamweight.

Kilbane is tied up to contracts for three or four fights which he said he will dispose of in the near future.

Wolf, who broke away from Jimmy Dunn's stable a week ago, is now under the management of Kilbane.

# THRESH OUT INDEMNITIES AT PREMIERS' MEETING

(By Henry Wood)  
 By United Press Leased Wire  
 Bolognne.—The conferences of premiers, originally planned as a sort of friendly get-together between Miller and Lloyd George loomed today as a meeting of allied leaders second in importance only to the Versailles conference which drafted the German peace treaty.

Belief was expressed that Monday's meeting of the premiers would supersede the Spa conference, which has been fading further into the future daily. Announcement was made that Belgium, Italy and Japan have been invited to send delegates to Monday's meeting.

The whole question of the German indemnity will be threshed out at the meeting and will probably be finally disposed of.

Monday's conference is the outgrowth of animosity which has been gaining ground in all allied countries against further postponement of settlement of the economic phases of the peace treaty.

# ELLINGTON SCHOOL MAY BE CLOSED NEXT YEAR

The school in district No. 1, town of Ellington, will remain closed the coming year providing arrangements can be made with adjoining school districts to take over the nine pupils and also providing that the school will not lose its district organization by sending its pupils elsewhere. At a special meeting Wednesday night the taxpayers appointed the school board to investigate both matters and report at the annual meeting early next month. There are four schools adjoining District No. 1—Stephensville, Hortonville, District No. 3, Ellington, and joint district No. 4, Greenville. By dividing the pupils between the four schools none of them would have more than two miles to go.

# FIVE CHINESE STUDENTS BID GOOD-BYE TO CITY

The five Chinese students attending Lawrence college left Friday. Two will attend summer school at University of Chicago, one goes north to spend the summer in the woods, another on a farm and a fifth to Wisconsin university summer school.

The boys expressed their high regard for Appleton and their appreciation of the hospitality of the people. They stated that they had profited richly by their attendance at Lawrence college and keenly enjoyed the fellowship and kindness enjoyed during their stay. They feel that their stay in Appleton will be one of the outstanding things in their school life, which covers five years. All promised to visit Appleton before they finally leave the United States.

**AYRES HOLDS RED SOX TO THREE HITS, WINS 1-0**  
DETROIT—Ayres, pitching in fine form.

St. Paul won the second game of the series, 1 to 0. With the exception of the first inning, Jones also pitched faultless ball for the Red Sox. The Tiger run was the result of a single by Bush and a triple by Young. Score: St. Paul 1, Boston 0. Detroit 1, Milwaukee 0. Philadelphia 1, St. Louis 0.

## FLASHY CATCH GIVES GAME TO PHILLIES

PHILADELPHIA—Stengel's one hand jumping catch of Fournier's liner with two out and two on bases saved the game for Philadelphia on Friday, enabling the locals to break St. Louis' streak of seven straight victories by a 1 to 0 score. The only run of the game was a home run by Traverser. Lou North, recently purchased from the Milwaukee American association club, appeared in the box score for the first time in his cardinal uniform. He relieved Doak in the eighth inning, and the Phillies found him for one hit. Score: Philadelphia 1, St. Louis 0.

## WOOL MARKET GLUTTED; CLOTHING PRICES UP

By United Press Leased Wire Chicago.—Men and women's clothing will be slashed in prices this fall if the government can be induced to aid wool growers in disposing of \$100,000,000 worth of wool, sheep raisers said here today.

Declaring there is a wool glut, caused by clothing manufacturers refusing to buy wool until they have disposed of the quantity they have on hand, wool growers will appeal to Governor Harding of the federal reserve board, and Secretary of the Treasury Houston to assist them in financing the year's output.

"There is no doubt that if growers could get Governor Harding and Secretary Houston to aid them in getting a market for their wool, prices of clothing would be lower," said J. M. Wilson, McKinley, Wyo., president of the Wyoming Wool Growers' Association.

Greater New York's daily consumption of water amounts to nearly 600,000,000 gallons.
